

November Book Report

*For the month of November, you will be required to read a chapter book of your choice. Please be sure you choose a book on your reading level... not too easy, not too challenging.

*Your reading Lexile level is: _____ You can look to see if your chapter book is on your level at www.lexile.com Your chapter book may be 70 below and 125 above your Lexile level.

*You will be creating a newspaper about the book you read.

*As you are reading your chapter book, look for **new** vocabulary words (words you don't know the meaning of) that you come across. These vocabulary words will be part of your newspaper article. You may want to write them down on a piece of paper as you come across them and the page number you found them on. You will need approximately **4 new words**.

*You will get your special newspaper paper on Monday, November 27 and your book report will be **due on Thursday, November 30.**

*Begin reading a **NEW** chapter today. Please do not do your book report on a book you have already read. The purpose of monthly book reports is to keep you reading new and exciting chapter books every month. Let me know if you need help finding a book to read. I have lots of fun and interesting books in my library.

*Happy reading!

~Miss Colwin
